Recommendation letter

To Whom It May Concern,

Please accept this letter as my highest recommendation of the construction company, VE Group MMC. I have had the opportunity to work with VE Group MMC on SOCAR Carbamide Plant project in Sumqayit, Azerbaijan.

VE Group MMC has demonstrated a professional and ethical caliber during that time. They supplied and installed around 100 pcs of industrial doors and gates and over 1000 sq.m of heavy duty access floor system. Schedules have been maintained and the project have been completed on time.

I am confident that VE Group MMC will be an excellent member in your project and you will be very satisfied with their work. Please feel free to contact me at kiyong.jun@samsung.com if you have any questions, or would like any additional information.
